On behalf of the Governing Body

Proposed Review Date: September 2018

At Farington Moss St. Paul's CE Primary school we are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

This Accessibility Plan sets out the proposals of the school to increase access to education for disabled pupils and for staff, governors, parents and visitors. **To be aware of the access needs of disabled pupils, staff, governors, parents & visitors we will use new pupil and staff questionnaires on starting school or recruitment and/or meetings with the relevant personnel.**

It contains relevant actions to:

- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- Curriculum
- Health & Safety (including off-site safety)
- Special Educational Needs and Disability (SEND) & Single Equality Policy
- Behaviour Management
- School Improvement Plan
- Supporting Pupils with medical conditions and administering medication policy
