

Christmas Good Cheer.

Our school choir made their annual visit to the local sheltered accommodation to sing carols and deliver handmade Christmas cards. The elderly residents always appreciate the visit, listening to the children singing and joining in with favourite carols. On receipt of the Christmas cards the residents are very grateful and are often overwhelmed at the kindness bestowed on them.

Staff and children enjoy this community visit as we put our Christian ethos in action. The children are given refreshments and treats as a thank you.

Residents enjoying the visit.

We will return again.
