Year 4 Multiplication Check

The Year 4 Multiplication Check will take place in June. You will answer 25 times table questions on an iPad or a laptop. From September we will be learning new times tables and practising ones previously learnt. We will do lots of practise together and by June you will be ready! We will provide you and your parents more information in the Autumn Term.

Wanted Old Socks

In September, we will be following instructions in our English lessons to create a sock bunny doorstep.

Over the summer holiday, please have a look for an old sock (preferably an adult's sock but not essential). More information to follow on the Class Dojo in September.

Home time

- At home time you will come out of the same fire exit door and into the playground to meet your parents and carers.

Your first day

On your first day don't forget:

- Your school bag.
- Your lunch box if you bring a packed lunch.
- Your P.E. kit.
- A **small** water bottle for the classroom.

In school we will provide pencils, pens and all the other things you will need for your lessons. Please do not bring a pencil case to school.

We look forward to teaching
you in September.
