French Scheme of Work 2025/26

Our scheme of work for French follows the Language Angels scheme and resources. The topics to be taught this year follow the Early, Intermediate, Progressive and Extra teaching Language Units. Each unit (apart from phonics) is broken down into 6 lessons. The sixth lesson is a consolidation and end of unit assessment. There are 5 units of work planned throughout the year to allow time for when other school activities affect the timetable. Retrieval activities should be planned at the beginning of a unit and midway through the unit. Allow a minimum of 30 minutes per week to teach French.

Pupil's Work

Please ensure the Language Angels worksheets are stapled together to create a booklet. Include the pupil topic vocabulary and knowledge organiser at the front of the booklet and the "I can" and assessment sheets at the end. Also ensure that during the unit there is evidence of listening, reading and writing activities (see the worksheets for each lesson). There is also a red jotter for any occasions where pupils can write additional sentences, or make any notes. It could also be a place for recording quick answers to listening activities.

Songs and games

Language Angels has a range of songs and games for each unit of work. The Language Angels App has additional resources.

Additional French resources to supplement these topics taught this year (including Christmas resources) can be found in the French shelf in the corridor cupboard.

French Day

During the Spring Term we will celebrate a French Day.
